

Residential care, in context

Evaluate daily care alongside shift coordination, clinical review and quality oversight, with the resident record as the starting point.

RESIDENTIAL

Statura.

A day of residential care

	Morning	Afternoon	Night
Shift cover	Rostered	Rostered	Rostered
Care delivered	Recorded	Recorded	Not scheduled
Observations	Charted	Not scheduled	Charted
Quality evidence	Not scheduled	Register entry	Not scheduled

One illustrative day. No staffing, occupancy or clinical figures.

Workflow illustration

WHAT TO INSPECT IN YOUR DEMONSTRATION

- 01 Trace a change in care needs into plan review and delivery.
- 02 Inspect handover, medication and incident responsibilities.
- 03 Confirm home-specific reporting and migration requirements.
